

PRO-GRIP Hoof Knives

Hyde's PRO-GRIP hoof knives have been designed with the farrier in mind, offering utility, durability, practicality and comfort in use. A simple, straight-forward solution ... just what you'd expect from Hyde!

The name that's been trusted by American craftsmen for 135 years.

Made in USA

Long-Lasting High Carbon Steel Knives

We start with a high carbon steel blank, then grind it, bend it, heat treat it and temper it to the high standards you demand. This attention to detail ensures PRO-GRIP hoof knives can do the job at hand and hold up to the toughest conditions you'll encounter. After all, the last thing you want is for your knife to fail when you need it!

Narrow, Wide and Offset Drop designs are available in right or left hand configuration.

Hyde Part #	Blade Style	Hand	Overall Length
95400	Narrow Drop	Right Hand	8.5" / 216 mm
95410	Narrow Drop	Left Hand	8.5" / 216 mm
95420	Wide Drop	Right Hand	8.5" / 216 mm
95430	Wide Drop	Left Hand	8.5" / 216 mm
95440	Offset Drop	Right Hand	7.75" / 197 mm
95450	Offset Drop	Left Hand	7.75" / 197 mm

Featuring Hyde's Soft-Grip Comfort Handle

Hyde PRO-GRIP hoof knives come with our ergonomic Soft-Grip handle. This rugged, rubberized handle is designed with comfort in mind, to save your wrists from fatigue. It features a no-slip texture, built-in hand guard and "no-roll" shape that ensures it stays where you want it when you put it down.

Designed by an International Hall Of Fame farrier, Hyde PRO-GRIP hoof knives are easy on your wrists while getting the job done!
